INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.
PCT/SE2003/00392

Box	No. I	Basis of the report					
1.	. With regard to the language, this report is based on the international application in the language in which it was filed, unless otherwise indicated under this item.						
		This report is based on a translation from the original language into the following language which is the language of a translation furnished for the purposes of:					
		international search (under Rules 12.3 and 23.1(b))					
		publication of the international application (under Rule 12.4)					
		international preliminary examination (under Rules 55.2 and/or 55.3)					
2.	With regard to the elements of the international application, this report is based on (replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in this report as "originally filed" and are not annexed to this report):						
	\boxtimes	the international application as originally filed/furnished					
		the description:					
		pages as originally filed/furnished					
		pages* received by this Authority on pages* received by this Authority on					
		the claims: pages as originally filed/furnished					
		pages as originally filed/furnished as originally filed/furnished as amended (together with any statement) under Article 19					
		pages* received by this Authority on					
		pages* received by this Authority on					
		the drawings:					
		pages as originally filed/furnished					
		pages* received by this Authority on					
		pages* received by this Authority on					
		a sequence listing and/or any related table(s) - see Supplemental Box Relating to Sequence Listing.					
3.		The amendments have resulted in the cancellation of:					
		the description, pages					
	•	the claims, Nos.					
		the drawings, sheets/figs					
		the sequence listing (specify):					
		any table(s) related to the sequence listing (specify):					
4.		This report has been established as if (some of) the amendments annexed to this report and listed below had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).					
		the description, pages					
		the claims, Nos.					
		the drawings, sheets/figs					
		the sequence listing (specify):					
		any table(s) related to the sequence listing (specify):					
*	If item	n 4 applies, some or all of those sheets may be marked "superseded."					

INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.
PCT/SE2003/00392

Box No. V Reasoned statement u citations and explanat		35(2) with regard to novelty, inventive ng such statement	step or industrial applicability;
1. Statement			
Novelty (N)	Claims Claims	1-13	YES NO
Inventive step (IS)	Claims Claims	1-13	YES NO
Industrial applicability (IA)	Claims Claims	1-13	YES NO

2. Citations and explanations (Rule 70.7)

Documents cited in the International Search Report:

D1: R.G. Akl et al., "Multicell CDMA network design", IEEE Transaction on Vehicular Technology, Volume: 50, Issue: 3, May 2001, Pages:711 - 722.

D2: US6314294 B1

The cited documents represent the general state of the art.

The invention defined in claims 1-13 is not disclosed by any of these documents.

The cited prior art does not give any indication that would lead a person skilled in the art to the claimed method of, software product for and network for configure power output of pilot channels. Therefore, the claimed invention is not obvious to a person skilled in the art.

Accordingly, the invention defined in claims 1-13 is novel and is considered to involve an inventive step. The invention is industrially applicable.
